360insights | services suite

360insights is a partner engagement and business optimization company, enabling brands to better influence, manage, and engage with their complex channel ecosystems. The company offers a suite of channel solutions, including a SaaS-based platform that empowers brands to fully orchestrate their complex partner networks and optimize their promotional spend on MDF/Co-op, rebates, promotional allowances, SPIFFs, and rewards. Combining incentive management and ecosystem orchestration with a powerful data analytics engine, 360insights serves more than 300 of the most recognizable brands around the world, across multiple industries, helping them grow their indirect business.
